## **The Computer Facilities for CVS**

When the E G Lions hired the EG Buses for the transporting of Senior Citizens to the annual party, they found that the CVS were in need of additional computer facilities. The CVS were actively exploring how to raise funds to purchase a machine to meet their needs. The Lions looked into their requirements and were able to purchase a suitable machine from [Page Computers](#).

On Thursday 5<sup>th</sup> March the computer was installed and up and running. Alison Daniels, Transport Administrator, says the new office computer will enable volunteers to use their existing skills and develop new ones. It will also benefit local the local voluntary section and community groups.
